The A.W.T. World Trade Group

Combining knowledge, expertise, creativity, outstanding engineering, quality and value to provide the finest equipment, parts, supplies, remanufacturing services and technical support to the screen printing industry

The A.W.T. World Trade Group was formed in 2002 when A.W.T. World Trade, Inc., and Graphic Parts International, Inc. purchased the American M&M screen printing equipment and parts divisions.

With decades of experience in both setting up and serving textile and graphics print shops, the A.W.T. World Trade Group is a screen printer's **complete** manufacturing source for equipment, supplies, parts and remanufactured products.

Experience has shown that when printers use one manufacturing source, they reduce compatibility problems between equipment lines and supplies. The A.W.T. World Trade Group designs and develops **complete** systems to work efficiently and economically together - reducing printing problems, production costs, and downtime.

A.W.T. WORLD TRADE, INC.

A.W.T. is your complete manufacturing source for screen printing equipment, supplies, parts and rebuilt equipment. The company's industry-leading Remote Diagnostics feature allows printers to connect directly with A.W.T.'s service department, saving printers costly downtime.
